Germany Ab Initio Paper 1 2013 Markscheme by Peter Owen Publishers

**Germany Ab Initio Paper 1**
The German Democratic Republic (East Germany) started its own standardized education system in the 1960s. The East German equivalent of both primary and secondary schools was the Polytechnic Secondary School (Polytechnische Oberschule), which all students attended for 10 years, from the ages of 6 to 16. At the end of the 10th year, an exit examination was set.

Disfranchisement (also called disenfranchisement) is the revocation of suffrage (the right to vote) of a person or group of people, or through practices, prevention of a person exercising the right to vote. Disfranchisement is also termed to the revocation of power or control of a particular individual, community or being to the natural amenity they are abound in; that is to deprive of a ...
